Cal Newport's clearly-written manifesto flies in the face of conventional wisdom by suggesting that it should be a person's talent and skill - and not necessarily their passion - that determines their career path. Newport, who graduated from Dartmouth College (Phi Beta Kappa) and earned a PhD. from MIT, contends that trying to find what drives us, instead of focusing on areas in which we naturally excel, is ultimately harmful and frustrating to job seekers. The title is a direct quote from comedian Steve Martin who, when once asked why he was successful in his career, immediately replied: "Be so good they can't ignore you" and that's the main basis for Newport's book. Skill and ability trump passion. Inspired by former Apple CEO Steve Jobs' famous Stanford University commencement speech in which Jobs urges idealistic grads to chase their dreams, Newport takes issue with that advice, claiming that not only is this advice Pollyannish, but that Jobs himself never followed his own advice. From there, Newport presents compelling scientific and contemporary case study evidence that the key to one's career success is to find out what you do well, where you have built up your 'career capital,' and then to put all of your efforts into that direction. In previous books respected New York pastor and bestselling author Timothy Keller has looked at such

diverse and topical subjects as the existence of God, our need to do justice, the meaning of Jesus' life, and the human temptation to make idols - all through the twin lenses of a biblical framework and an engagement with contemporary culture. In this new book, co-authored with his wife, Kathy, he turns his attention to that most complex of matters: our need for love, and its expression in marriage. Beginning with the biblical narrative, and its pictures of marriage that span the original ideal to the broken to the redemptive, he looks at themes of friendship and commitment; the completion of men and women in each other; singleness, sex and divorce; and ministry and discipleship within the context of marriage. This is a profound and engaging work that will challenge and inspire people in all stages of life - single, newlywed and married.

Founder of a school of Arabic and other languages, Llull was also a poet and novelist and one of the creators of literary Catalan. This volume contains three prefaces on Llull's life, thought, and reputation. Of Llull's

Jesus said: Greater Love Hath No Man than this, that a man lay down his life for his friends. Indeed our Lord is speaking a true statement. Christ did die for sinners once and for all. He selflessly lay down His life on the Cross so our spiritual journey could begin. This book is about sacrifices people give so others can live. Sacrifice is the main theme, but there are others, such as the atrocities that political correctness can cause.

Research and common sense indicate that engaged couples will eventually have stronger, more successful marriages if they get good premarital counseling. Many churches now require such counseling, yet many Christian couples still enter marriage without that preparation. Countdown for Couples will fill that void. It will help couples learn about each other, and themselves individually, as well as their relational skills and compatibility as a couple.

*"What the heck is my partner thinking?" is a common refrain in romantic relationships, and with good reason. Every person is wired for love differently, with different habits, needs, and reactions to conflict. Wired for Love is a complete insider's guide to understanding a partner's brain and promoting love and trust within a romantic relationship. Readers learn ten scientific principles they can use to avoid triggering fear and panic in their partners, manage their partners' emotional reactions when they do become upset, and recognize when the brain's threat response is hindering their ability to act in a loving way. atonement theology rational, in a fresh way, in our interreligious world. Seeking connections between Christian and Hindu thinking in order to create hermeneutical bridges, Godfrey Kesari aims to open up creative ways of reimagining the doctrine of the atonement, which is so central to the Christian message. Kesari retains the particularity of the unique events embracing the life, suffering, and death of Christ while linking clearly to the more universal considerations that are encountered within Visistadvaitic Hinduism. These explorations in turn contribute to a new way of seeing the Christian revelation. This is a ground-breaking work that attempts to find a way of treating and defending the centrality and theological significance of the atonement with contextual relevance.
