What makes a romance novel a romance? How do you write a kissing book? Writing a well-structured romance isn't the same as writing any other genre-something the popular novel and screenwriting guides don't address. The romance arc is made up of its own story beats, and the external plot and theme need to be braided to the romance arc-not the other way around. Told in conversational (and often irreverent) prose, Romancing the Beat can be read like you are sitting down to coffee with romance editor and author Gwen Hayes while she explains story structure. The way she does with her clients. Some of whom are regular inhabitants of the New York Times and USA Today bestseller lists. Romancing the Beat is a recipe, not a rigid system. The beats don't care if you plot or outline before you write, or if you pants your way through the drafts and

do a "beat check" when you're revising. Pantsers and plotters are both welcome. So sit down, grab a cuppa, and let's talk about kissing books. Uncover the secret power of outlining! Outline Your Novel can help any writer take their story from concept to a finished draft! Instead of getting lost in the middle or never finishing, let Outline Your Novel show you how structure works and how to use that structure to make and follow an outline. In this book, you'll learn: Character Arcs Three Act Structure Novel Story Beats Sequence Outlines Scene Outlines Adapting Outlines World Building Incorporating Themes Weaving Subplots Outline Your Novel offers a guided approach to outlining and as always, author Scott King, plays along, making sure to do the assignments in the book so you can learn from his successes and mistakes. Stop letting your novel kick your butt and beat it with the help of Outline Your Novel!

Excerpt Goldilocks had always wanted to write a novel. She learned to read before she went to kindergarten. In grade school, she always had her nose in a book. In junior high, the other kids thought she was weird, because she actually liked reading those dusty old novels in literature class. All through high school, Goldilocks dreamed of writing a book of her own someday. But when she went to college, her parents persuaded her to study something practical. Goldilocks hated practical, and secretly she kept reading novels. But she was a very obedient girl, so she did what her parents told her. She got a very practical degree in marketing. After college, she got a job that bored her to tears—but at least it was practical. Then she got married, and within a few years, she had two children, a girl and then a boy. She quit her job to devote full time to them. As the children grew, Goldilocks took great joy in introducing them to the stories she had loved as a child. When her son went off to kindergarten, Goldilocks thought about looking for a job. But her resume now had a seven-year hole in it, and her practical skills were long out of date. The only jobs Goldilocks could qualify for were minimum wage. She suddenly realized that being practical had made her horribly unhappy. On a whim, Goldilocks decided to do the one thing she had always wanted more than anything else—she was finally going to write a novel. She didn't care if it was impractical. She didn't care if nobody would ever read her novel. She was going to do it just because she wanted to. For the first time in years, she was going to do something just for herself. And nobody was going to stop her.

Writers flock to National Novel Writing Month (NaNoWriMo) each November because it provides a procrastination-busting deadline. But only a fraction of the participants meet their goal. Denise Jaden was part of that fraction, writing first drafts of her two published young adult novels during NaNoWriMo. In Fast Fiction, she shows other writers how to do what she did, step-by-step, writer to writer. Her process starts with a prep period for thinking through plot, theme, characters, and setting. Then Jaden provides day-by-day coaching for the thirtyday drafting period. Finally, her revision tips help writers turn merely workable drafts into compelling and publishable novels. A portion of publisher proceeds will be donated to National Novel Writing Month (NaNoWriMo)
