Want to be successful but have no idea where to start? This book equips you with the knowledge you need to be successful, and is targeted at young people still in education or starting their early careers. Don't get to an old age and think 'If only I would have known this.... Or If I would have done this...I WOULD have been successful'. There's no excuse because I'm going to give you the tools to act now! Take the advice and be on your lane to success... In a boundary-crossing and globalizing world, the personal and social positions in self and identity become increasingly dense, heterogeneous and even conflicting. In this handbook scholars of different disciplines, nations and cultures (East and West) bring together their views and applications of dialogical self theory in such a way that deeper commonalities are brought to the surface. As a 'bridging theory', dialogical self theory reveals unexpected links between a broad variety of phenomena, such as self and identity problems in education and psychotherapy, multicultural identities, child-rearing practices, adult development, consumer behaviour, the use of the internet and the value of silence. Researchers and practitioners present different methods of investigation, both qualitative and quantitative, and also highlight applications of dialogical self theory.

In order to be fruitful you must be productive in every aspect of your life; spiritually, physically relationally, financially, educationally, and socially. Jesus said, "He who believes in Me the works that I do will he do also and greater works than these will he do. John 14:12. It's our responsibility to know the

authority we possess. 3 John 2 Beloved, I pray that you may prosper in all things and health, just as your soul prospers.

We live in a broken and fallen world, and it is a world where people need help and often a miracle. But today it seems as if miracles have become a part of the past. We don't hear many miracles, and more people even some in the Christian community have stopped believing, expecting, or even waiting for a miracle. So where are the miracles? The Miracles of Jesus is for anyone who is interested in miracles, needs a miracle, or knows someone who needs a miracle from the Lord. Author and pastor Peter Negron shares ten inspirational and encouraging testimonies of real people with real miracles including the real miracles of Jesus that we can read about in the Word of God. By showing you how to position yourself for a miracle, these testimonies can help you to believe again in the love and mercy of God through his miraculous answers to our prayers. Miracles are a sign from God, and these miraculous signs help people believe in Jesus. And while some may receive a sudden miracle, many others must also make the effort to position themselves in the right place, take the right steps, and put their faith in God. In every case, though, you must simply trust in God and in his grace and mercy, and through prayer we will be in a position of faith both for ourselves and for others in need of a miracle.

We are called by God to live a life of abundance. However, most of us live in a state of lack. *Positioning Yourself to Prosper* outlines how to tap into your abundance through living out your God-given purpose.
