

Everything You Need to Know to Build Your Practice of the Craft Are you ready to take your magical experience to the next level? Wicca Natural Magic Kit from best-selling author Lisa Chamberlain will help you further develop your practice of magic within the framework of Wicca, Witchcraft, and other Pagan traditions. Expanding on core concepts found in Lisa's first book, Wicca for Beginners, the Natural Magic Kit is intended for new and more experienced Witches alike, inviting you to dive into a deeper understanding of three central aspects of spiritual and magical practice: the Elements, the Moon, and the Wheel of the Year. The "Old Religion" is all about revering Nature and tapping its infinite energies. Each book in the Natural Magic Kit contains spells, rituals, and other magical workings that will help you open up amazing pathways to a deeper connection with the Universe, and enhance your quality of life. Elemental Magic: A Guide to the Elements, Witchcraft, and Magic Elemental Magic offers a view of Wiccan-oriented ritual and magic through the lens of the Elements: Earth, Air, Fire, Water, and Spirit. Lisa introduces you to each of the Elements: their properties, characteristics, magical associations, and effects on our lives. You'll learn how the Elements are invoked in ritual, as well as some techniques and magical practices for working with each Element individually. Of course, you'll also find spells, rituals and charms focused on each Element. Elemental Magic will be a treasured reference, magical guide, and springboard for you to make your own discoveries about the power of the Elements and the magic they have to offer. Moon Magic: A Wiccan's Guide and Grimoire for Working Magic with Lunar Energies Moon Magic is for anyone wanting to explore the connections between the Moon and the practice of magic. From New to Full, to Dark and back to New again, the never-ending cycle of the Moon presents wonderful opportunities to tune in to the energies of the natural world and enhance your spellwork. Lisa touches on specific elements of Wiccan practice, like the Moon and the Triple Goddess, the celebration of Esbats, and the sacred act of drawing down the Moon, yet the larger focus is on the power of the Moon itself and the benefits of an approach to magic that is aligned with its cycles. To that end, you'll find a detailed breakdown of each phase of the lunar cycle, spells for each phase, and magical recipes, techniques, and correspondences-all focused on making the most out of your connection to the Moon's magical energy. Wheel of the Year Magic: A Beginner's Guide to the Sabbats, with History, Celebration Ideas, and Dedicated Sabbat Spells Wheel of the Year Magic is rooted in Wiccan practices, but much of it is applicable to Pagans of all stripes, as well as anyone who is simply curious about the rich traditions surrounding these milestones of the Old Religion. Lisa offers detailed explorations of each Sabbat, including their significance within the context of the changing seasons, the part they play in the mythological cycle of the Goddess and the God, and the spiritual themes they ask us to reflect upon as we celebrate them. You'll learn about the historical origins of each holiday and the associated traditions and practices that have been handed down over the centuries from our European pagan ancestors. And of course, you'll also find tips and ideas for holding your own Sabbat celebrations, plus a few suggested spells and other magical workings that correspond with the themes and season of each holiday. Each book in the Natural Magic Kit is designed to deepen your appreciation for the creative, magical possibilities of living in rhythm with the energies of Nature.

The beliefs and principles of Wicca are simple and straight forward and although there are a variety of Wiccan practices that follow a variety of different codes and ideas, the basic principles remain essentially the same. Throughout Wicca, you will find beliefs that directly relate to the worship of nature and the importance of preserving Earth and her bounty. Also, there is a strong idea behind the belief in a duo-theistic energy, that masculine and feminine deities or energies should be worshipped, instead of one or the other. A great deal of Wiccan spell craft related to each of these principles, among many other forms of ritual and practice. In ancient history, the practice of witchcraft was often called the Craft of the Wise Ones.

These people studied the moon and the sun; they knew which herbs were best for which ailments, cured diseases in the villagers, and were often called on for advice and counsel by the elders in the community. These people understood that man was not superior over nature but rather that nature was the ruler of man, and it was far better to live in peace and harmony with the forces of nature. Wicca is a system of spirituality that fosters the individual's free will and thought. It encourages you to learn more about nature and to understand its cycles and passages. Wicca also teaches you to be responsible for your own actions and for the things that you send out into the universe. If you make a mistake, you will accept responsibility for it and not blame any outside entity or being. You are responsible for your thoughts, words, and deeds. Everything You Need to Know About the Magic of Essential Oils Magical oils are among the most mysterious and intriguing tools used in Wicca and other forms of Witchcraft. Since before recorded history, shamans and healers of all kinds have used fragrant oils in ritual, magic and medicine, knowing as we do that their use has the potential to transform lives on physical, emotional, and spiritual levels. Because of their unique effects on the mind of the practitioner, botanical oils provide a direct tie between the natural physical world and the spiritual plane. But what exactly are magical oils and where do they come from? Unlike other natural ingredients such as crystals and plant roots, oils don't come fully-formed into the world on their own-instead, they are derived from processes developed by human beings. Many who are new to the Craft may have little understanding of just what it is they're anointing their candles (or their own bodies) with, since unlike most other tools used in ritual and spellwork, oils aren't exactly easy to examine close-up. This lack of familiarity can make working with oils seem daunting, or even create an unintentional energetic disconnect between the beginning magician and these otherwise-powerful substances. If you've ever wondered how or why to use botanical oils in your spellwork, this guide will serve you well. Essential Oil Magic was created to provide you with a comprehensive overview of magical botanical oils and their use in modern Witchcraft. Best-selling author Lisa Chamberlain explains the evolution of magical oils over time, from their rustic beginnings to their modern incarnations in the form of essential oils, giving you a clearer sense of how these unique substances came to be and why they greatly enhance your ritual and magical practice. In addition, you'll be introduced to a Witch's dozen of essential oils commonly used in both healing and contemporary magic, many with histories of magical use going back for thousands of years. These 13 oils represent a wide range of scents, plant types, and healing and magical properties, and are among the most affordable essential oils available today. What's more, each of the blend recipes and spells utilize oils from this Witch's dozen, making it easier for you to get your blending practice underway in no time. Foundations for Using Essential Oils in Your Magical Practice Knowing what goes into essential oils and how these ingredients contribute to magic is an excellent first step. But to create the highest quality magical blends, you'll need to know what to look for when purchasing your oils, and how to properly care for them. Furthermore, you'll need to get acquainted with each of your single oils on its own terms-its unique scent, its magical properties, and which oils to mix it with for a pleasing and powerful blend. Essential Oil Magic has all of this information and more, including: How our spiritual forbears in the Craft used botanical oils in ritual, magic and healing in ancient civilizations How the magical properties of oils add power to your spellwork Profiles of 13 of the most popular and readily available oils used by Witches today, including their magical properties and associations Detailed instructions for creating your own magical blends Blend recipes, oil-oriented spells for you to try your hand at, and a few other ideas for taking your practice further By the end of this guide, you will have a solid foundation to work from as you incorporate magical oils into your practice, and you'll be delighted by the diversity of this very special form of herbal magick!
