EDIT: Updates for 2017! Added more spells, illustrations and a glossary. I compiled this Book of Shadows from a collection of spells I have been using since I started down my path. This book contains over 100 spells, a list of runes, how they can be used in spell casting and even crafting your own spells. I've collected these spells from several different sources, mostly from witches I

have met in my travels and covens I have been a part of. I've tweaked a few of these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy is what really matters, so feel free to do the same and change what you want to suit your own needs. The craft of Magic is a constant fluctuating living thing and our ancestors have borrowed, changed, and made from scratch what we practice today. I hope this book helps you grow as a person and a spellcrafter. -Brittany Nightshade -Brittany

Webb with verses by Jane Corby, is reprinted and adapted from the original edition, first published in 1927. Growing up in a tranquil wilderness, Teal Swan had a childhood that was anything but serene. Horrors lurked behind the façade of the perfect houses and pious community of the surrounding towns, and Teal attracted undue attention because of her unusually powerful extrasensory abilities. At the hands of a local cult member, she barely survived 13

years of horrendous abuse - and even after her escape, she was left powerless, lost, hurting, and with no way to cope. Gradually, and incredibly, Teal forged her way from the edge of despair to a sliver of light . . .and eventually emerged from the darkness into the full dawn of self-love. Here, she shows how you, too, can achieve the feelings of worthiness that may be long missing from your life. Now a recognized spiritual luminary, Teal documents how she dug herself out of self-hate, and details the remarkable trail for others to get to the same place. Shadows Before Dawn encompasses both Teal's
